Kamil Çağatay Bayındır received B.S. and M.Sc. degrees in Electrical and Electronics Engineering in 1995 and 2000 respectively from the Middle East Technical University (METU) in Ankara, Turkey and Ph.D. degree from Çukurova University, Adana, Turkey in 2006. He worked as a Research Assistant in METU till year 2000. Between years 2000-2009 he was a member of Sabancı and Erdemir groups in the private sector and he led many industrial projects on generation, transmission and distribution of electrical power. He returned back to his career in academia and became a member of Çukurova University in year 2009.

Dr. Bayındır directed many scientific and industry supported R&D projects. He was a Committee Member in KOSGEB and TÜBİTAK Technology Groups. His main current research interests include electrical power quality, smart grids, energy management in power systems, digitalization in energy.

He is currently a Professor in Electrical and Electronics Engineering Department of Ankara Yıldırım Beyazıt University. He is a member of Turkish TSO TEİAŞ Advisory Board. He is also the founder and Chairman of Association of Digitalization in Energy.
