1 About ICRERA2025

October 27 - October 30, 2025, Vienna, Austria

Austria
Vienna

FH Technikum Wien, Austria
Address: Höchstädtpl. 6, 1200 Wien,
Avusturya

Summary

International Conference on Renewable Energy Research and Application (ICRERA) is one of the high quality conferences in its field and has been organized by IJER with the technical co-sponsorship of the IEEE IES and IAS since 2012. Every year we have received around 500 submissions. Its acceptance rate is 50~60%. We used to have 5 or 6 parallel sessions along with the 2 poster sessions and 4 or 5 keynote speakers. In addition we opened 5 or 6 tutorials just one day before the opening ceremony.

Last year Keynote speakers;

- 1-) Swiss Federal Institute of Technology(ETH), Professor Dr. Johann Walter Kolar
- 2-) Mr. Masayuki Tobita, Vice President of TMEIC, Japan
- 3-) Professor Dr. Kan Akatsu, Yokohama National University, Japan
- 4-) Professor Dr. Huang-Jen Chiu, National Taiwan University of Science and Technology, Taipei
- 5-) Dr. Hitoshi Hayashiya, East Japan Railway Company, Japan

Last year Tutorial Organizers ;

- 1-) Professor Hirofumi Akagi, Tokyo Institute of Technology, Tokyo, Japan
 - 2-) Professor Kiyoshi Ohishi, Nagaoka University of Technology, Niigata, Japan
 - 3-) Professor Kazuto Yukita, Aichi Institute of Technology, Aichi, Japan
 - 4-) Professor Adel Nasiri, University of South Carolina, USA
- some- in total 19 tutorials

The purpose of the International Conference on Renewable Energy Research and Applications (ICRERA) 2025 is to bring together researchers, engineers, manufacturers, practitioners and customers from all over the world to share and discuss advances and developments in renewable energy research and applications.

After the successes of the first, the second, the third, the fourth, the fifth, the sixth, the seventh, the eighth, the ninth, the tenth, and the eleventh editions of ICRERA in Nagasaki (2012), Madrid (2013), Milwaukee (2014), Palermo (2015), Birmingham (2016), San Diego (2017), Paris (2018), Brasov (2019), Glasgow (2020), Istanbul(2021), Istanbul(2022), Oshawa(2023), Nagasaki(2024). The 14th ICRERA 2025 is going to be organized by the technical co-sponsorship of IEEE IES and IAS in Vienna, Austria on October 27 – October 30, 2025. Attending ICRERA 2025 will benefit you to meet well-known expert keynote speakers, tutorial organizers, special session organizers as well as young and many other colleagues coming from more than 60 countries.

It is our happiness to share with you that selected 100 papers at ICRERA2024 have been proposed for possible publications in

[IEEE Transactions on Industrial Applications \(16 papers\) cited in SCI-Expanded,](#)

[International Journal of Renewable Energy Research \(16 Papers\) cited in ESCI,](#)

[International Journal of Smart Grid \(26 papers\) cited in Google Scholar and SCOPUS](#)

[International Journal of Engineering Science and Applications \(42 papers\),](#)

Up to 2024, all papers presented ICRERA have been cited in IEEE Xplore, SCOPUS and WoS.

According to WEB of Science (Clarivate Analytics) in 2025; h-index =24

Average citation per item = 4.3 5 Years Impact Factor = 12.35

ICRERA aims to present important results to the international renewable energy community in the form of research, development, applications, design, and technology. It is therefore intended to assist researchers, scientists, manufacturers, companies, communities, agencies, associations and societies to keep abreast on new developments in their specialties and to unite in finding alternative energy solutions to current issues such as the greenhouse effect, sustainable and clean energy issues.

On behalf of the organizing committee of ICRERA 2025, we would like to kindly invite to attend ICRERA 2025 by submitting papers, opening special session and giving tutorials.

Please visit the www.icrera.org for more information.

We are looking forward to meeting you at ICRERA 2025 in Wien, Austria.

Organizations

Technical Co-Sponsors

Mr. Yoshinobu Higashi,
Honorary Chair, ICRERA,
Former Japan Ambassador to
Romania

Mr. Hidehiko Kikuchi,
Honorary Chair, ICRERA,
POWER SYSTEMS
CORPORATION Chief
Executive Officer, Japan

Professor Johann Walter
Kolar, Honorary Chair,
ICRERA, ETH, Switzerland

Prof. Johannes Gragger,
 General Chair, ICRERA, FH
 Technikum Wien, Austria

Prof. Fujio Kurokawa,
 General Co-Chair, ICRERA,
 Nagasaki Institute of Applied
 Science, Japan

Prof. Ilhami Colak,
 General Co-Chair, ICRERA
 Istinye University, Turkiye

Topics

Topics within the scope of the conference include the following areas, but not limited to:

- Renewable (Green) Energy Systems and Sources (RESSs) as Wind Power, Hydropower, Solar Energy, Biomass, Biofuel, Geothermal Energy, Wave Energy, Tidal energy, Hydrogen Power Generation, Fuel Cells, Energy Storage
- RESSs for Electric Vehicles/Hydrogen Vehicles and Components
- New Trends and Technologies for RESSs
- Policies and Strategies for RESSs
- Energy Transformation from Renewable Energy System (RES) to Grid
- Novel Energy Conversion Studies for RESs
- Power Devices and Driving Circuits for RESs
- Control Techniques for RESs
- Grid Interactive Systems Used in Hybrid RESs
- Performance Analysis of RESs
- Hybrid RESSs
- Decision Support Systems for RESSs
- Renewable Energy Research and Applications for Industries
- Green Data Center
- Carbon Neutral Port (CNP)
- Artificial Intelligence and Machine Learning Studies for RESs and Applications
- Computational Methods for RESSs
- Energy Savings for Power Electronics, Vehicular Technology, Electric Machinery and Control, etc.
- RES Motor Drive
- New Approaches in Lightings
- Reliability and Maintenance in RESSs
- Smart grids and RESSs
- Safety and Security of RESSs
- Renewable Energy Systems in Smart Cities
- Future Challenges and Directions for RESSs
- IoT for RESSs
- Energy Management, VPP(Virtual Power Plant) and ERAB (Energy Resource Aggregation Businesses) for RESSs
- Model based Design and Digital Twin for RESSs

Deadline of ICRERA 2025:

Call For Papers Website URL	www.icrera.org
3 to 5 Pages Long Digest Submission Deadline	September 15, 2025
Notification of acceptance	October 10, 2025
Final submissions due	October 15, 2025
Conference	October 27 – October 30, 2025

e-mail: icrera@gmail.com

2 Sponsorship Plan

The opportunity to reach a large number of national and international delegates within the renewable energy and related fields.

Diamond Partners

- First selection of exhibition booth
- Exhibition booth
(4 sq.m.= width 2 meters x depth 2 meters)
- Five full conference registrations (w/o presentation)*¹
- Five exhibitor badges
- One exhibitor industrial session
- Company logo and link on ICRERA website
- Signage displaying Diamond status throughout the conference
- Company logo on conference bag
(if the bag introduced)
- Full page color advertisement and company logo in program booklet
- One piece of company literature in conference bag
- Reserved sheet at the banquet
- Mentioned as the Diamond Sponsor at the Opening Ceremony and Banquet

Sponsorship fee: EUR 20,000

*¹ This privilege is not intended to give you the right to present a paper, but is a special consideration to deepen the interaction with all participants, which is the aim of this conference, by giving you access to all conference events. With the exhibition badge, you cannot go to any place other than the exhibition booth.

Gold Partners

- Exhibition booth (4 sq.m.= width 2 meters x depth 2 meters)
- Three full conference registrations (w/o presentation)*¹
- Three exhibitor badges
- One exhibitor industrial session
- Company logo and link on ICRERA website
- Signage displaying Gold status throughout the conference
- Company logo on conference bag (if the bag introduced)
- Full page color advertisement and company logo in program booklet
- One piece of company literature in conference bag
- Reserved sheet at the banquet

Sponsorship fee: EUR 10,000

Bronze Partners

- Exhibition booth (4sq.m.= width 2 meters x depth 2 meters)
- One full conference registrations (w/o presentation)*¹
- Two exhibitor badges
- Company logo and link on ICRERA website
- Signage displaying Bronze status throughout the conference
- One exhibitor industrial session
- Company logo on conference bag (if the bag introduced)
- Half page black & white advertisement and company logo in program booklet

Sponsorship fee: EUR 6,000

*¹ This privilege is not intended to give you the right to present a paper, but is a special consideration to deepen the interaction with all participants, which is the aim of this conference, by giving you access to all conference events. With the exhibition badge, you cannot go to any place other than the exhibition booth.

Exhibitor

Exhibition Fee includes:

- 1) Back Panel: Width 2m × Height 2.5m
- 2) Exhibitor Badge x 2 *
- 3) Company information and contact details in program booklet
- 4) Attend the conference at member prices
- 5) Priority of placement within the exhibition will be sold in accordance with the date of booth fee received

Booth fee: EUR 4,000

*** Exhibitor badge**

Exhibitor badge include a conference program booklet, participate in the opening ceremony and industry session.

If you need more than 2 badges, you can buy for the Exhibition Area only ticket for 300 Euros .

Exhibitor badges are not valid for admission to the conference program venue and banquet.

Full Registration does not entitle you to present a paper. It allows you to freely come and go to the conference venue and deepen your interactions with other participants.

Sponsor benefits

1. Improving business presence
 - By supporting international conferences on renewable energy, you can promote your company's image of supporting carbon neutrality not only in Japan but also in more than 40 countries overseas.
2. Building networks with International key persons
 - You can repeatedly contact executives and engineers from domestic and foreign companies who are coming to give lectures, as well as renowned professors and researchers from universities.
3. You can repeatedly appeal the company's business content
 - There are many opportunities to repeatedly communicate business content through conference lectures, industrial session lectures, exhibitions, and the development of logos on websites and venues, as well as many opportunities to exchange information. Exhibit contents are not limited to renewable energy, and can be aimed at participants.
4. Global master's student recruitment opportunities
 - The conference will be attended by 100 excellent students from electrical, electronic, and information fields who can give presentations in English, so your company can conduct recruiting activities.
5. Creating opportunities for industry-academia joint projects
6. Creating opportunities for interaction with participating companies and local industry, government, academia, and financial institutions
